THOUGHTFUL FESTIVAL GIFTING

The Festive Edit

2026

Thoughtful gifts, made for in-between moments.

THE IN-BETWEEN STANDARD

Premium need not be extravagant. It needs to be thoughtful.

At in-Between, every box begins with a curation of familiar foods, distinctive flavours and thoughtful presentation that makes the gesture feel special.

Our standard is a personal one: would we happily serve it to our own children and the people we love? If not, it does not belong in an in-Between box.

That is why our makhana is sourced directly from farms, our Saffron Rose Dry Fruit Brittle comes from LMB Jaipur, and every gift is freshly packed with no added preservatives.

Chosen with care. Made to be shared.
